Chia-chun (Alden) Hung

Address
Unit on Cognitive Neurophysiology and Imaging
Laboratory of Neuropsychology
National Institute of Mental Health
Building 49, Room B2J-45
49 Convent Dr., Bethesda, MD 20892 USA

Contact
Email: hungc2@mail.nih.gov

Education
2005-2011   Ph.D., Neuroscience, Johns Hopkins University, Baltimore, MD, USA.

1998-2005   M.D., Chang Gung University Medical School, Taoyuan, Taiwan.

Research Experience
2012-present Post-doc Visiting Fellow
              National Institute of Mental Health, NIH
              Advisor: Dr. David Leopold & Dr. Afonso Silva

2011-2012   Post-doc Research Fellow
             Zanvyl Krieger Mind Brain Institute, Johns Hopkins University
             Advisor: Dr. Charles E. Connor

2005-2011   Graduate Research Assistant
             Zanvyl Krieger Mind Brain Institute, Johns Hopkins University
             Advisor: Dr. Charles E. Connor

2001-2002   Undergraduate Research Assistant
             Department of Psychiatry, Chang Gung Memorial Hospital
             Advisor: Dr. Chiang-Shan Ray Li

Work Experience

2007   Teaching assistant Neuroscience and Cognition II, Johns Hopkins University.
2004-2005   Internships, Chang Gung Memorial Hospital, Taiwan

Publications

Hung CC, Carlson ET, Connor CE. Medial axis shape coding in macaque inferotemporal cortex. *Neuron*, 74:1099-1113, 2012

Balachander N*, **Hung CC***, Zachary SP, Vikan G, Yantis S, Connor CE. A neural correlate for sculptural aesthetic preference. Prepared for submission to PNAS (* These authors contributed equally)

Conference Presentations

Hung CC, Connor CE. 3D View Tuning in Macaque Inferotemporal Cortex. Poster in SfN 2011, Washington DC.

Hung CC, Connor CE. 3D Object Shape Coding Primitives in Macaque Monkey Inferotemporal Visual Cortex: Surface Fragments vs. Medial Axes. Poster in SfN 2009, Chicago.

Hung CC, Lyu RY. Protein Classification by Profile Hidden Markov Models(Profile HMMs) and Anti Profile HMMs. Medial Informatics Symposium in Taiwan 2001, Taiwan.

Honors and Awards

2009-2011	Studying Abroad Scholarship by Taiwan Government
2002	Mobilehero-Wireless Communication Programming Contest, Champion
2002	Java Programming Contest, Taiwan. Second place
2002	Excellent paper award:Protein Classification by Profile Hidden Markov Model by Foundation of Taiwan Medicine Development
1997	National Problem Solving Contest on Internet, Champion
